

Please Join Us for one of the Three Stops on the
ILCHF Innovation & Collaboration Tour

Illinois Children's Healthcare Foundation (ILCHF) is seeking innovative and collaborative approaches to address the healthcare needs of children. ILCHF is partnering with local communities to host regional meetings throughout the state.

The goals of the meetings are to: 1) increase the collective understanding of the local and regional healthcare assets and needs of children; and 2) to introduce the ILCHF Innovation & Collaboration Tour (ICT) funding opportunity. The ICT will provide grants ranging from \$10,000-\$100,000 to respond to identified needs in each of these regions.

Please join us for a presentation and conversation to share your knowledge and insight on children's healthcare issues and learn more about this funding opportunity.

Register by Friday, September 16, 2016

(Please click on the link below that corresponds to the region of the state in which your organization provides services to children.)

(Please note space is limited. Following registration you will receive additional information regarding the event.)
